

file\_t

```
graph BT; ls_t[ls_t] -.->|files| file_t[file_t];
```

The diagram illustrates a pointer relationship between two variables. At the bottom is a gray rectangular box labeled 'ls\_t'. A dashed purple line extends upwards from the top of this box, ending in a solid purple arrowhead pointing to the bottom of a white rectangular box labeled 'file\_t' at the top. The word 'files' is positioned to the right of the dashed line, indicating the variable being pointed to.
